

Dear Parents,

Thank you for your interest in the Junior Divemaster Program at **DiversInnMX**. We're thrilled to have the opportunity to introduce your young diver to a transformative experience in one of the safest and most breathtaking diving destinations in the world.

Safety is our top priority. As a semi-retired American physician, Richard brings decades of medical expertise to our program, ensuring the highest standards of care and safety. From the pristine waters of the Sea of Cortez to our secure and welcoming facilities, you can feel confident knowing your child is in the best possible hands.

La Paz is a gem of tranquility and natural beauty. Renowned for its vibrant marine life and warm, welcoming community, it's the perfect backdrop for young adventurers to grow, learn, and connect with the ocean. With Richard's years of experience as a certified PADI instructor and our small group focus, we ensure personalized attention and mentorship for each participant. (Only 6 students.)

Over the 7 weeks, your child will develop valuable skills, build lasting friendships, and create unforgettable memories. They'll also gain a deeper appreciation for marine conservation and the unique ecosystem Jacques Cousteau famously called the "Aquarium of the World."

We're here to answer any questions you may have and to guide you through every step of the journey. Thank you for considering this life-changing opportunity for your child. We can't wait to welcome your family to our **DiversInnMX** community and share this adventure with you. **BROCHURE**

Warm regards,

Richard & Kristi Musselman

# Junior Divemaster Program

**Duration:** 7 weeks

**Program Fee:** \$5,400

**PAYMENT PLANS AVAILABLE**, contact Kristi

**[SCHOLARSHIP APPLICATIONS AVAILABLE HERE](#)**

Embark on an unforgettable journey to become a certified Junior Divemaster in the pristine waters of La Paz, Baja California Sur. This comprehensive program is designed for adventurous young divers eager to develop their skills, gain confidence, and explore the world beneath the waves.

**Here's more of what they will learn:**

- **Advanced Diving Skills:** Perfect buoyancy, navigation, and dive tables.
- **Marine Conservation:** Understand and explore the local ecosystem.
- **Leadership:** Develop communication, teamwork, and responsibility.
- **Safety:** Reinforce diving safety and emergency procedures.
- **Conversational Spanish:** Immerse in the local culture with weekly cultural trips to downtown La Paz, the capital of Baja Sur, as well as exposure to other areas.
